*“GON XI FA CHAI” – HAPPY CHINESE NEW YEAR !*

Caused by Chinese New Year last week was extremely quiet with almost no trading activities. Only this week most of the market-players will come back from their long holidays. However, the outlook due to the current situation in global economies is very bearish. With Chinese New Year wintering is supposed to start in the northern areas in China, Vietnam, Thailand and North Malaysia. The impact is expected to be relatively low.
